"This we hold to be a criminal act. It is not necessary to trace any connection in this article with the assassination of the late President. The offense here in the eye of the law is practically the same as if that event had never occurred.

"The murder of the President only served to illustrate and illuminate the enormity of the crime of the defendant in teaching those diabolical doctrines. Such articles and doctrines have no place in this free country. They stimulate the worst possible political ideas and passions, and, carried to their logical conclusion, would destroy the Gov-

NEW POINT OF LAW THAT COVERED MOST'S CASE.

Justice Hinsdale, who sentenced Herr Most to prison to-day, brought out a new point of law when he quoted a section of the Penal Code under which the prisoner was found guilty. Here it is:

and obvious intent of this was to leave in the Code a little of the flexibility of the common law to meet cases which they had failed
